

## ORDER AHEAD!

We do our best to predict what needs to be baked fresh daily, but we sometimes run out of our most popular items. We suggest placing an order in advance to avoid disappointment. That way you get exactly what you're looking for! This is especially important around holidays or when making large orders.

Place an advance order over the phone, or in person at any one of our bakery stores.

**Please place all bakery orders by 2pm the day before it needs to be picked up.**

## *Seasonal* FEATURES
